1. LEGISLATIVE REQUIREMENTS

This section describes how the Financial Plan links to the achievement of the Community Vision and the Council Plan within the Integrated Strategic Planning & Reporting framework. This framework guides Ararat Rural City Council in identifying community needs and aspirations over the long term (Community Vision), medium term (Council Plan) and short term (Annual Budget) and then holding itself accountable (Annual Report).

The following diagram provides an overview of the core legislated elements of an integrated strategic planning and reporting framework and outcomes.

Overview	Outlook	Elements	Outcomes
A community vision reflects a consensus view of the future community wants and needs, and the high level actions required to achieve desired outcomes. Vision statements reflect shared values and aspirations and create active tension between the current and desired future state.	10-years +	Community Vision >> 10-year aspiration for community	There is a consensus view of the desired future (10+ years) for the community and the potential pathway to achieve this. Intended directions, pathways and investments have legitimacy. Council's jurisdiction and targets for advocacy are understood. There is an understanding of community, civil society and broader partnerships required to achieve the Vision.
A Financial Plan is used by Council, community and the organisation to ensure the long term viability and sustainability of the Council. It supports the achievement of the Community Vision and establishes investment and spending thresholds. The Asset Plan ensures effective management and the stewardships of community assets.	10-years +	Financial Plan 10-year Financial framework to support achievement of Community Vision and Council Plan Asset Plan 10-year asset management framework to support achievement of Community Vision and Council Plan	Improved understanding of Council's capability to achieve its vision. Clear view of the fiscal capacity and constraints of Council. Financial risk and potential areas of volatility are managed. Council Plan, strategies, programs and projects and be resourced. Council is a trusted and responsible steward and community assets meet future community needs.
Council Plan outlines the agenda for a new Council and supports the achievement of the community Vision through strategic objectives and strategies. Revenue and Rating Plan outlines a medium-term view of how Council will raise revenue to support activities and achievement of Council Plan strategies and objectives.	4-years +	Council Plan 4-year plan to support achievement of Community Vision Strategic objectives, major initiatives, strategies and indicators Revenue and Rating Plan 4-year plan to support achievement of Community Vision and Council Plan	Council owns the Council Plan and the community is clear on its strategic direction. There is clarity on how strategic objectives will be achieved and consistency with available resources. There is alignment with and progress towards the Community Vision. It is clear how Council will collect revenue to support activities.
Council will develop and adopt a budget each year that describes in more detail the way in which revenue will be raised and expenditure directed. The budget must include 3-year financial projections as well as description of services, major initiatives and performance measures. The CEO must prepare and maintain a 4-year Workforce Plan.	4-years +	Annual Budget 1 + 3-year budget supporting Council Plan delivery, includes description of services, major initiatives and performance measures Workforce Plan 4-year plan reflecting organisational structure and staffing requirements to support delivery of Council Plan [s.46(4)]	Strategies and initiatives to achieve Council Plan are clearly articulated, mapped and resourced. Programs and initiatives have quality and cost standards. Resourced (including people) required to deliver on commitments are understood. The community has had an opportunity for deliberative engagement.
The Council is accountable for its performance through the Annual Report, Local Government Performance Reporting Framework and the mandatory quarterly financial reports that are presented to Council. Many Councils develop and maintain additional mechanisms to ensure public accountability, these include: quarterly reporting on achievement of capital works and Council Plan initiatives, routine reporting on project, program and policy initiatives.	3-years +	Annual Report Report on operations including implementation of Council Plan and major initiatives Service performance indicators Financial performance statement LGPRF Local Government Performance Reporting Framework	Transparent monitoring of financial, service and program performance. Improved accountability to Council and community for achievement of objectives. Improvement opportunities captured and incorporated into planning.

The following figure demonstrates how each element might inform or be informed by other parts of the integrated framework.

1.1 STRATEGIC PLANNING PRINCIPLES

The Financial Plan provides a 10 year financially sustainable projection regarding how the actions of the Council Plan may be funded to achieve the Community Vision. The Financial Plan is developed in the context of the following strategic planning principles:

- Council has an integrated approach to planning, monitoring and performance reporting.
- Council's Financial Plan addresses the Community Vision by funding the aspirations of the Council Plan. The Council Plan aspirations and actions are formulated in the context of the Community Vision.

- The Financial Plan statements articulate the 10-year financial resources necessary to implement the goals and aspirations of the Council Plan to achieve the Community Vision.
- Council's strategic planning principles identify and address the risks to effective implementation of the Financial Plan. The financial risks are included at section 1.2.2 below.
- The Financial Plan provides for the strategic planning principles of monitoring of progress and reviews to identify and adapt to changing circumstances.

1.2 FINANCIAL MANAGEMENT PRINCIPLES

The Financial Plan demonstrates the following financial management principles:

1.2.1 Revenue, expenses, assets, liabilities, investments and financial transactions are managed in accordance with Council's financial policies and strategic plans.

1.2.2 Management of the following financial risks:

- a) the financial viability of the Council (refer to section 2.1 Financial Policy Statements).
- b) the management of current and future liabilities of the Council. The estimated 10 year liabilities are disclosed in section 3.2 Balance Sheet projections.
- c) the beneficial enterprises of Council (where appropriate).

1.2.3 Financial policies and strategic plans are designed to provide financial stability and predictability to the community.

1.2.4 Council maintains accounts and records that explain its financial operations and financial position (refer section 3 Financial Statements)

1.3 ENGAGEMENT PRINCIPLES

Council has adopted a comprehensive community engagement policy in February 2021. Council has implemented the following consultation process to ensure due consideration and feedback is received from relevant stakeholders.

- a) Draft Financial Plan prepared by management;
- b) Community engagement around the Financial Plan 2021- 2031 is conducted using the Engage Ararat online portal

c) Draft Financial Plan, including any revisions, presented to 26 October 2021 Council meeting for adoption.

There will be annual reviews of the Financial plan 2021-2031, which will take account Council strategy, the impacts of funding and economic circumstances. These reviews will actively involve key stakeholders and be open for community engagement.

1.4 SERVICE PERFORMANCE PRINCIPLES

Council services are designed to be purposeful, targeted to community needs and value for money. The service performance principles are listed below:

- a) Services are provided in an equitable manner and are responsive to the diverse needs of the community. The Council Plan is designed to identify the key services and projects to be delivered to the community. The Financial Plan provides the mechanism to demonstrate how the service aspirations within the Council Plan may be funded.
- b) Services are accessible to the relevant users within the community.

- c) Council provides quality services that provide value for money to the community. The Local Government Performance Reporting Framework (LGPRF) is designed to communicate council's performance regarding the provision of quality and efficient services.
- d) Council has a performance monitoring framework to continuously improve its service delivery standards.
- e) Council has a service delivery framework that considers and responds to community feedback and complaints regards service provision.

1.5 ASSET PLAN INTEGRATION

Integration to the Asset Plan is a key principle of the Council's strategic financial planning principles. The purpose of this integration is designed to ensure that future funding is allocated in a manner that supports service delivery in terms of the plans and the effective management of Council's assets into the future.

The Asset Plan identifies the operational and strategic practices which will ensure that Council manages assets across their life cycle in a financially sustainable manner. The Asset Plan, and associated asset management policies, provide council with a sound base to understand the risk associated with managing its assets for the community's benefit.

The Asset Plan is designed to inform the 10-year Financial Plan by identifying the amount of capital renewal, backlog and maintenance funding that is required over the life of each asset category.

The level of funding will incorporate knowledge of asset condition, the risk assessment issues as well as the impact of reviewing and setting intervention and service levels for each asset class.

In addition to identifying the operational and strategic practices that ensure that Council manages assets across their life cycle in a financially sustainable manner, the Asset Plan quantifies the asset portfolio and the financial implications of those practices. Together the Financial Plan and Asset Plan seek to balance projected investment requirements against projected budgets.

2. FINANCIAL PLAN CONTEXT

This section describes the context and external / internal environment and consideration in determining the 10-year financial projections and assumptions.

2.1 FINANCIAL POLICY STATEMENTS

This section defines the measures that demonstrates Council's financial sustainability in order to fund the aspirations of the Community Vision and the Council Plan.

2.2 STRATEGIC ACTIONS

Following a series of community engagement activities, Council has identified the following strategic actions that will support the aspirations of the Council Plan. The strategic actions are included in the 10-year financial plan and, where appropriate, referenced in the commentary associated with the 10-year Comprehensive Income Statement and the 10-year Statement of Capital Works. The following are key strategic actions derived from the Community Vision 2021-2031 and the Council Plan 2021-2025:

- Maintaining investment in renewal capital works to ensure an effective local roads network that meets the economic and social needs of the municipal community
- Ensuring ongoing organisational efficiencies are returned as a dividend to ratepayers through responsible rating

- Investing in pragmatic approaches to environmental management and investment in local approaches to engaging in a circular economy
- Maintaining and developing community, recreational and sporting facilities
- Developing key industry and research partnerships to deliver cost effective, innovative approaches to health and wellbeing, economic growth and housing development
- Demonstrating that small rural councils, like Ararat Rural City Council, can maintain assets, deliver effective community services and remain financially viable

Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

Notes to indicators

1. Adjusted underlying result

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. The adjusted underlying result calculation includes recurrent capital funding such as Roads to Recovery funding.

2. Working Capital

The proportion of current liabilities represented by current assets. Working capital is forecast to steadily increase in future years with the \$2.000 million interest only loan due to be repaid during 2021/22

3. Unrestricted Cash

Council's cash and cash equivalents are subject to external restrictions that limit amounts available for discretionary use, which includes trust funds and deposits, and funds held in statutory reserves. This indicator measures the proportion of current liabilities represented by unrestricted cash.

4. Debt compared to rates

Trend reflects the \$1.000 million loan taken up in 2018/19 to complete the Ararat Performing Arts Centre and the \$2.000 million interest only loan using the Local Government Funding Vehicle to fund the Alexandra Oval Community Centre which is due to be repaid in 2021/22.

5. Asset renewal

This percentage indicates the extent of Council's renewal and upgrade of assets against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means its assets are deteriorating faster than they are being renewed and upgraded and future capital expenditure will be required to renew and upgrade assets.

6. Rates concentration

Reflects extent of reliance on rate revenues to fund all of Council's on-going services. This indicator confirms Council relies heavily on rates as a source of income. The trend indicates Council will continue to be reliant on rate revenue compared to all other revenue sources.

5. STRATEGIES AND PLANS

This section describes the strategies and plans that support the 10 year financial projections included to the Financial Plan.

5.1 BORROWING STRATEGY

5.1.1 CURRENT DEBT POSITION

The total amount borrowed as at 30 June 2021 is \$2.735 million.

5.1.2 FUTURE BORROWING REQUIREMENTS
